is being levied in any Taluk of the District in addition to that already merged in the survey assessment on them as they were temporarily treated as any other Government lands and as the levy of a separate irrigation cess was considered objectionable but in the case of lands held by Motisar, Mandi and Patis as Service Inam in the Mudgere Taluk under Government Proceedings No 148-5 dated 16th May 1888 a separate irrigation cess of one anna in the rupee is being levied under the Survey Inam Patis in addition to that merged in the survey assessment.

2. As no irrigation cess is being levied on Inam lands of the village Patis and Shandige, I see no reason to recommend the alteration of the present existing rules.

2. This procedure is wrong and the
Auditor seems to have adopted it
under some misapprehension of the
rules in force. The mistake has been
pointed out to him and I have

state that the Irriga-
tion Cess on the
wet and garden
lands of the Poteb
and Shanbogi &
Service Inam lands referred
to, settled previously and
subsequent to 11th February
1845, are being separately
levied in addition to the
Survey Assessment, and that
the present practice needs
no modification, while the
Amildar of Chennagiri suggests
that it would have been con-
venient if the Irrigation Cess
had been merged in the Survey
Assessment as in the case of
Government

Government lands.

2. The Amildars of Sagar, Sagar & Fithalli Taluks report that no Potal & Shanbogi Service Inam lands exist in their Taluks.

3. It would appear from the report of the Kurree Deputy Amildar that in the Syanur Magane which was settled subsequent to 11th February 1895, the Irrigation Cess is being levied at 1 Rupee for every 17/- and suggests that in common with the practice obtaining in other parts, the rate of one Anna per Rupee or one Rupee for every 16 Rupees may be introduced. The rate of 1 in 17 is evidently wrong and

and has to be altered. The
undersigned does not think
that any change in the
present practice is called for.

DEPUTY COMMISSIONER'S OFFICE,

MYSORE DISTRICT,

Dated Mysore 5th September 1896.

To

The Secretary to the Government of Mysore,
Revenue and General Departments.

SIR,

With reference to Government order No. 3524-3 dated the 3rd March 1896 (and remainder R.F. 302-92 No. 2062-63 of the 20th August 1896) enquiring if the irrigation ceps merged in the wet and garden assessment of the Gateri and Shambhoga Service inam lands settled subsequent to the 1st February 1875, is being separately levied in addition to the survey assessment thereon, I beg to state as follows:—

2. The Amildars of the Mysore districts, Tumkur, Heggadadevanur, Gundlupet, Channarayana, Krishnarajpet, Sir Kanchi, Karamangala and Malavalli taluks report that no Service inam lands are held by the Gateri and

Shambhogs of their taluks. Thus the question of levying the irrigation cess on such lands has not arisen in those taluks. But the Amildars of the Seringapatam and Mandya taluks state that a separate levy of one anna per acre on the survey assessment of the patch' and Shambhogs' service inam lands in their taluks is made on account of irrigation cess. - In the remaining taluk of Tanjore and no irrigation cess is levied on service inam lands as the taluk is not yet settled. -
